

Annex A2 - Environmental Monitoring and Audit Sampling Schedule for South of The Brothers (July 2012 - February 2017)

			2012					2013					2014					2015					2016					2017																		
			J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D	J	F	M	A	M	J	J	A	S	O	N	D	J	F
Capping Water Quality Monitoring																																														
<i>Ebb Tide</i>																																														
Impact Stations Downcurrent																																														
	SB-IPE1	4 times per year																																												
	SB-IPE2	4 times per year																																												
	SB-IPE3	4 times per year																																												
	SB-IPE4	4 times per year																																												
	SB-IPE5	4 times per year																																												
Intermediate Stations Downcurrent																																														
	SB-INE1	4 times per year																																												
	SB-INE2	4 times per year																																												
	SB-INE3	4 times per year																																												
	SB-INE4	4 times per year																																												
	SB-INE5	4 times per year																																												
Reference Stations Upcurrent																																														
	SB-RFE1	4 times per year																																												
	SB-RFE2	4 times per year																																												
	SB-RFE3	4 times per year																																												
	SB-RFE4	4 times per year																																												
	SB-RFE5	4 times per year																																												
Sensitive Receiver Stations																																														
	MW1	4 times per year																																												
	THB1	4 times per year																																												
	THB2	4 times per year																																												
	WSR45C	4 times per year																																												
	WSR46	4 times per year																																												
<i>Flood Tide</i>																																														
Impact Stations Downcurrent																																														
	SB-IPF1	4 times per year																																												
	SB-IPF2	4 times per year																																												
	SB-IPF3	4 times per year																																												
Intermediate Stations Downcurrent																																														
	SB-INF1	4 times per year																																												
	SB-INF2	4 times per year																																												
	SB-INF3	4 times per year																																												
Reference Stations Upcurrent																																														
	SB-RFF1	4 times per year																																												
	SB-RFF2	4 times per year																																												
	SB-RFF3	4 times per year																																												
Sensitive Receiver Stations																																														
	MW1	4 times per year																																												
	THB1	4 times per year																																												
	THB2	4 times per year																																												
	WSR45C	4 times per year																																												
	WSR46	4 times per year																																												
Benthic Recolonisation Studies																																														
Capped Contaminated Mud Pits																																														
	SB-CPA	2 times per year																																												
	SB-CPB	2 times per year																																												
Reference Stations																																														
	RBA	2 times per year																																												
	RBB	2 times per year																																												
	RBC	2 times per year																																												

Notes:
 "n" = Number of replicates depends on parameters
 Naming of stations are tentative only and will be subjected to changes
